

Recurring Shredding Service

This plan is designed for our clients that require recurring shredding service. Bay Shred offers on-site locked consoles for complete destruction of business sensitive information. We will work with you to determine a recurring schedule that fits your business needs.

We have fixed rates which are by the container which makes pricing simple. Our 64 gallon secured containers, on average, will hold about six file boxes. We also have 32 gallon secured executive consoles (see below) which will hold about three file boxes.

Upon completion of our service, you are invoiced and a Certificate of Destruction is issued.

Executive Console

Holds up to 80 pounds of paper (19" x 19" x 36") 64 Gallon Bin

Holds up to 250 pounds of paper (42.1"x 29.1"x 22.4")
